TRIBUNE ALMANAC, 1861, received by
I. BUGBEE & CO.

CONCENTRATED LEAVEN,
FOR MAKING
BREAD, TEA CAKES,
All kinds of Pastry, &c., &c.
MANUFACTURED BY
EDW. CHAMBERLIN & CO,
Proprietors of Shawmut Chemical Works
No 33 INDIA STREET, BOSTON

CONCENTRATED LEAVEN is the result of careful chemical research All its ingredients are prepared in the highest state of purity and compounded with a view to produce bread of a far better quality, and in much less time than by any other process, and the manufacturers submit it with entire confidence to the judgment of discriminating housekeepers, bakers, &c, &c

Bread of all kinds, made by using CONCENTRATED LEAVEN, is lighter more digestible and nutritious has an agreeable natural taste, is less liable to sour will retain its moisture longer than by any other process, and the whole preparation for the oven need not exceed ten minutes

It is valuable because it is not perishable, and may be rendered available in places and at times when yeast is not within reach, as at sea. In all climates and under all circumstances, it may be adopted thus obviating all difficulty of procuring yeast or other ferment, which is frequently of an inferior quality, rendering the bread more or less unwholesome.

It is also valuable as regards economy as it has been ascertained that a saving is effected in the flour of not less than 16 per cent. In the common process much of the saccharine of the flour is lost by being converted into carbonic acid gas or spirit, and the waste is incurred solely for the purpose of generating gas to raise the dough By using CONCENTRATED LEAVEN this waste is avoided, and the gas obtained in a manner equally efficacious Fermentation, as has been stated destroys a part of the flour or meal, and in consequence a barrel of flour weighing 196 lbs, which by the common method ordinarily makes about 250 lbs of bread, gives by this process 290 lbs, thus effecting the very important saving of 16 per cent in the quantity of flour By conformity to the directions on each package any person capable of ordinary attention may conduct the process, and the result will invariably be highly satisfactory

CERTIFICATE FROM DR HAYES
Assayer to the State of Massachusetts

I have analyzed the Concentrated Leaven manufactured by Messrs Edw Chamberlin & Co, with reference to its purity and efficiency of action in producing the effect of yeast in distending dough and thereby rendering it fit for making bread. This article is skilfully compounded from perfectly pure materials which leave nothing but a vegetable salt, which is essentially a desirable food in the bread It raises the dough without consuming the sugar or any other principle in the flour, perfectly, and the same weight of flour will produce more sweet, palatable bread than can be obtained thro' the aid of yeast, while for cakes and pastry it is invaluable as it saves all risk and much time of the pastry cook

The experiments made by me confirm the statements of the manufacturers, and prove this compound worthy of public approval and extended use

Respectfully
A. A. HAYES, M D *State Assayer*
16 Boylston st, Boston Sept 21, 1860"

HOW TO USE IT

We append a few recipes, but it may be used with great advantage in all other kinds of cake also, in fruit puddings and other pastry

Breakfast and Tea Rolls —Two or three teaspoonfuls of Leaven (according to the quality of the flour) to one quart of flour, mix thoroughly by passing two or three times through a sieve, rub in a piece of butter of half the size of an egg and make the paste with cold milk or water, (milk is preferable) barely stiff enough to permit rolling out Much kneading should be avoided. Cut into desired form and place immediately in a hot oven, and bake quickly

Loaf Bread.—The same proportions of Leaven and flour sifted together as above, omit the butter and make the paste so stiff enough to knead into a loaf, and bake immediately in a slow oven

Graham Bread —Three teaspoonfuls of Leaven to one quart of wheat meal sifted together, add one gill of molasses and two eggs make the paste thin with milk and bake in a slow oven

Brown Bread —Three teaspoonfuls of Leaven to one pint of flour and one pint of corn meal all well sifted together, add two eggs and about a gill of molasses make the paste thin with milk, and bake slowly

Buckwheat Cakes Flour and milk sufficient to make one quart of batter add one egg then three teaspoonsful of Leaven, beat to a froth and cook quick

Dumplings —Sift together one quart of flour and two teaspoonfuls of Leaven rub in a piece of butter half as large as an egg mix with cold water or milk and boil ten minutes

Chamber Street Cake —Sift together two large cups of flour and two teaspoonfuls of Leaven put in half a cup of butter and a cup and a half of sugar, mix with cold water or milk to a stiff batter, add spice to suit the taste and bake immediately

Cincinnati Sponge Cake —Two cups of white sugar beaten with the yolk ... eggs ... the whites of six eggs beaten to ... then beat all together, add three cups of sifted flour one cup of water and three teaspoonfuls of Leaven flavor with two teaspoonfuls of essence of lemon and bake in a quick oven

Jumbles —Sift together one quart flour and three teaspoonfuls of Leaven rub in one teacupful of butter add a cup and a half of white sugar and spice to suit the taste, mix stiff enough to roll out, and bake quick

Election Cake —One quart of flour and three teaspoonfuls of Leaven sifted together, add a cup of butter, one pound of currants two cups of white sugar and one teaspoonful of cinnamon mix with cold milk to a stiff batter and bake in a cold oven

Corn Cake —One pint each of flour and Indian meal, and three teaspoonfuls of Leaven, well sifted together add one gill of molasses and two eggs mix thin with milk and bake in a slow oven

Cup Cake —Five cups of flour and three teaspoonfuls of Leaven sifted together add one cup of butter two of sugar and two eggs all well beat together mix with milk then add a cup of currants, and spice to suit the taste Bake about half an hour

Ladies Cake —Three quarters of a pound of flour and four teaspoonfuls of Leaven sifted together one pound of sugar and six ounces of butter beaten to a cream, the whites of eight eggs well beaten and the juice of one lemon mix with milk

Webster Cake —Five cups of flour three teaspoonfuls of Leaven three cups of sugar, one of butter one of milk and two eggs, fruit and spice to the taste Bake about half an hour

PERUVIAN SYRUP,
OR PROTECTED
SOLUTION OF PROTOXIDE OF IRON COMBINED.

This well known Remedy has been used extensively and with great success for
DYSPEPSIA,
Or Impaired and Imperfect Digestion;

FOR THE CONSEQUENT
DETERIORATION OF THE BLOOD;
AND FOR THE FOLLOWING
FORMS OF DISEASE,
Most of which originate in
DYSPEPSIA:
LIVER COMPLAINT, DROPSY, NEURALGIA and NERVOUS AFFECTIONS, LOSS OF APPETITE, HEADACHE, LANGUOR and DEPRESSION of SPIRITS, CARBUNCLES and BOILS, PILES, SCURVY, AFFECTIONS OF THE SKIN, CONSUMPTIVE TENDENCIES, BRONCHITIS, DISEASES PECULIAR TO FEMALES, & ALL COMPLAINTS ACCOMPANIED BY GENERAL DEBILITY, AND REQUIRING
A TONIC AND ALTERATIVE MEDICINE.

Note —The failure of IRON as a remedy for *Dyspepsia*, a bad state of the blood, and the numerous diseases caused thereby, has arisen from the want of such a preparation of Iron as shall enter the stomach in a PROTOXIDE state, and assimilate at once with the blood This want the PERUVIAN SYRUP supplies, and it does so in the only form in which it is possible for Iron to enter the circulation For this reason the PERUVIAN SYRUP often radically cures diseases in which other preparations of Iron and other medicines have been found to be of no avail.

Certificate of A. A. HAYES, M. D., of Boston.
It is well known that the medicinal effects of Protoxide of Iron are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible

Greatest Improvement of the Age.
The Good Samaritan!
VENTILATED OVEN.
COOKING STOVE!

We are sole AGENTS for BANGOR and vicinity for the celebrated Cooking Stove
GOOD SAMARITAN.

THIS STOVE was patented by Messrs Rathbone & Co, of Albany, July 19 1859, and although but little more than a year has expired since it was first operated, its many wonderful feats in cooking have already placed it far in advance of any other Stove which has as yet been offered to a discriminating public We claim for the Good Samaritan that its economy of fuel its simplicity of arrangement and real practical utility of the conveniences which surround it have placed it far in advance of any stove yet offered to the world We will name a few of the advantages which it possesses over any other stove, as well as some of the conveniences which attend it.

1 It has greater weight of castings, the large stove weighing from 400 to 450 pounds

2 Greater capacity for baking It has a very large Oven and also conveniences for baking on the top of the stove It has also a large front roaster for baking bread, pies, &c or roasting meat, and this without danger of contaminating with the same taste, the finest delicacies being baked in the oven of the stove, an advantage which no other stove using the roaster possesses.

3 Its perfect control of heat The Good Samaritan has a treble draught arrangement which enables the operator to use as little or great a fire as he chooses. The advantage which this arrangement gives over any other economizer of fuel is, that while a fire may be started in the cold stove in from one third to one half less time the operator can after his fire is once started, lessen the draught as much as he pleases even to closing it entirely—thus giving him perfect control of the heat.

4 It has a soap stone fire back, which will never burn out and consequently will not need replacing. Soap-stone is used very extensively as a lining to coal stoves, as it is well established that nothing else will stand the effect of intense heat for so great a length of time

5 Its accommodations for broiling, are perfect and unequalled It has a splendid arrangement for broiling on the hearth, giving a perfect draught through under and around the gridiron into the flues of the stove keeping the coals alive and carrying off all smoke and gases arising from the food —It will also broil very nicely upon the top without the smoke entering the room This is accomplished by closing the draught and can only be effected by a perfectly air tight stove

6 Its arrangement for the ventilation of the oven cannot be excelled It is effected by holes in the front door of the stove, through which the fresh air passes striking against the front plate of the chamber (thus becoming heated before entering the oven) then through the ventilating damper into the oven of the stove where it forces all gases arising from the food which will naturally rise to the top over the front oven plate behind the fire-back into the fire-chamber where they are consumed (thus a living fuel for combustion) and also to the perfect draught of the stove

7 The Good Samaritan has in a single year proved itself to be the most economical as well as the most efficient stove in the world The great advantage it possesses of being able to do a greater variety of cooking at once with greater rapidity of operation is not to be lightly passed over None who have ever examined it closely can doubt for an instant but that with ordinary usage it must last from ... years They can base this belief on its great weight and the small quantity of fuel necessary to operate it—for the less fuel consumed the longer a stove will wear

8 That it possesses all the attributes and qualities of a first class stove in the height of perfection is no longer an experiment but an established fact That it has no equal we are fully prepared to demonstrate to all impartial persons and solicit all whether wishing to purchase or not, to call and see the stove and be convinced of the truth of these statements

We desire every house keeper in Penobscot County to call, and we think they will be fully repaid by examining the merits of this wonder of the age

Story of a Strayed Child

Late last autumn, a farmer living near the Adirondacks, in New York, went out to cut timber in the mountains, in a remote and solitary locality He took his son along with him, a little boy of about four years of age After having been employed for a short time, he missed the child, who had been amusing himself in chasing a kid which he had found or ... and he became alarmed lest he should have fallen into one of the many ravines, or stumbled over some of the rocks or precipices with which the place abounds No trace of the boy, however, could be found In vain did he call upon his name, for no answer was returned The anxiety of the father ... from place to place with the utmost rapidity, sometimes finding the prints of his son's little feet on the leaves, but he never dreamed of crossing a deep gorge which runs on the south side of the locality in ... down the steep ... side of the mountain, to the margin of the Hudson Over this gorge he conceived it impossible for a child to make its way In the evening, he found means to send to the settlement ... of the circumstance, and several ... persons ... by the distracted mother ... to aid his search for the poor child in this wild and rocky region One of them happening to cross over the gorge alluded to perceived here the impressions of the boy's footsteps, and these were ... traced all the way down to the margin of the Hudson, where they lost all trace of the unfortunate little wanderer, and were filled with the most painful apprehensions that he must have been carried off by the stream Going along its banks, and crossing ravines and steeps which they conceived it ... the child could have passed ... they found the prints of ... small rivulet and ... applying ... they had traced ... they found ... AN INGENIOUS ... A general officer, who was in early life addicted to profane oaths, dated his reformation from a ... check he received from a Scotch clergyman

When he was Lieutenant and settled in Newcastle, he got involved in a brawl with some of the lowest class in the public street, the altercation was carried on by both parties with abundance of ... language

"O, John! John! what's this I hear? You only a poor collier boy swearing like any laird! Oh, John have you no fear of what will become of you? It may do very well for the gallant gentleman (pointing to the Lieutenant) to bang and swear as he pleases, but for you—you, John, it is not for you to take in vain the name of Him in whom you live and have your being."

Then, turning to the young Lieutenant, he said—

"You'll excuse the poor man, sir, for he's an ignorant body, and kens nae better."

The young officer shrunk away in confusion, unable to make any reply

Next day he waited on the minister and thanked him very sincerely for his well timed reproof, and was ever an example of purity in language

THE PROPOSAL TO MOVE THE SEAT OF GOVERNMENT. The following is the Portland proposition:—

An Act designating the place where the Legislature of eighteen hundred and sixty two shall meet and hold its session.

Be it enacted by the Senate and House of Representatives in Legislature assembled, as follows:

SEC 1. The next Legislature shall meet and hold its session in the city of Portland, in the County of Cumberland, on condition that said city cause to be executed a perpetual lease to this State of such portions of the new city building in that city as may be necessary for the accommodation of the Governor and Council, the Legislature, and the officers of the several departments of the State government, free from all charge of rent, and to be occupied by the lessee for the purpose before mentioned, the portion so leased to be under the exclusive control of the State, or the Governor and Council for the time being, during the continuance of such lease; and provided that the city of Portland shall furnish at its own charge such furniture therefor as the Governor and Council shall direct, and that the city shall cause all the public property of the State, which the Governor and Council for the time being may direct, to be removed to the city of Portland, at the expense of said city.

SEC. 2. When the lease mentioned in the foregoing section shall be executed, the rooms furnished, and the public property removed, all to the satisfaction of the Governor and Council, then the Governor shall issue his proclamation convening the Legislature of 1862 at said city of Portland.

Ordered to be printed.

Speaking of the first trip of the new steamer New Brunswick, which left Portland on the cold Thursday night, week before last, the Argus says:

On Friday it was intensely cold, and the vapor was so thick that the water could not be seen. Ice was making fast on the boat and the wheels were so deluged that they would only turn one way. Under these circumstances, the boat was headed for the land and run in until she had shoaled her water to about twenty fathoms when the anchor was dropped, at 1 o'clock on Friday afternoon. At this time land could not be seen. The boat rode easily and in the evening the vapor lifted and it was found that they were about one mile from Long Island. Here they remained until 7 o'clock Saturday morning when the weighed anchor and started for ... port, arriving there at 5 o'clock P M. Much anxiety had been felt at that place, and the minds of the people were relieved when the signal was made from Lubec that the steamer was coming. So great was the force of the wind that the steam whistle was blown off.

A ... reunion of our German citizens with their families was held at Mr W...gatt ... on Thursday evening last. None were admitted excepting those who were from the Fatherland. A supper was furnished in true German style and the whole affair was conducted in strict accordance with the customs at home. The music was furnished by Wingatt's Quadrille Band. It was an occasion of much interest and was highly enjoyed by all who participated in it.

[illegible] Geneva, Ohio, one of the crowd addressed Lincoln exhorting him to stand by the Constitution and the cause of liberty Mr Lincoln made the following speech here

Mr Mayor, and Fellow-citizens of the State of New York I am here to thank you briefly for this grand reception, given me, not personally, but as the representative of our beloved country Your worthy Mayor has been pleased to mention in his address to me the fortunate agreeable journey I have had from home, only it is rather a circuitous route, to the Federal Capital. It am very happy he was enabled in truth to congratulate myself and companions on that fact. It is true we have had nothing thus far to mar our pleasure trip We have not been met alone by those who assisted in giving the election returns to me but by the whole population of the country through which we have passed This is as it should be Had the election fallen to any other of the distinguished candidates instead of myself, under the peculiar circumstances it would have been proper for all citizens to have greeted him as you have me It is evidence of the devotion of the whole people to the Constitution, the Union and the perpetuity of the liberties of this country I am unwilling on any occasion that I should be so meanly thought of as to have it supposed for a moment these demonstrations are meant for me personally, they are tendered to the country, to the institutions of the country and to the perpetuity of the liberties of the country for which these institutions were made and created

Your worthy Mayor has thought fit to express the hope I might be able to relieve the country from the present, or I should say, the threatened difficulties. I am sure I bring a heart true to the work (Tremendous applause.) For the ability to perform it I must trust in that Supreme Being who has never forsaken this favored land through the instrumentality of this great intelligent people Without that assistance I shall surely fail with it I cannot fail When we speak of threatened difficulties to the country it is natural that it should be expected something should be said by myself with regard to particular measures Upon more mature reflection, however—and others will agree with me—that when it is considered that these difficulties are without precedent, and have never been acted upon by any individual situated as I am, it is most proper I should wait to see the development and get all the light possible, so that when I do speak authoritatively I may be as near right as possible (Cheers)

When I shall speak authoritatively I hope to say nothing inconsistent with the Constitution, the Union the rights of all the States, of each State and each section of the country, and not to disappoint the reasonable expectations of those who have confided to me their votes. In this connection allow me to say that you as a portion of the great American people, need only to maintain your composure, stand up to your sober convictions of right to your obligations to the Constitution and act in accordance with these sober convictions, and the clouds which now arise in the horizon will be dispelled and we shall have a bright glorious future, and when this generation has passed away tens of thousands will inhabit this country where only thousands inhabit it now I do not propose to address you at length I have no voice for it—Allow me to thank you for this magnificent ovation and bid you farewell

RICHMOND, 16th

In the Convention to day Mr Magor introduced a resolution declaring Virginia's attachment to the Union and that she will make any sacrifices consistent with her honor to maintain it but protesting against coercion That she is determined to submit to no government in which her rights are not fully protected, and that if the Union cannot be restored on terms that will be honorable to all parties it shall be divided

Messrs Morton and Carlisle offered similar resolutions

Mr Leake offered a resolution that Virginia regards all attempts to take the Forts, and to collect the revenue in the seceded States as a violation of their rights and pledging her resistance

Mr Richards presented resolutions in favor of the peaceable withdrawal of the seceded States and demanding the speedy security of the rights of Virginia or that she too would withdraw—Also that Virginia be forthwith put in a condition for defence

Mr Flourney presented resolutions opposing coercion, and declaring that prudent measures conciliation and compromise will restore peace, friendship and Union to every section

All the foregoing resolutions were referred to the Committee on Federal Relations

Considerable debate ensued on National matters

Gov Wise reiterated his policy of fighting with in the Union and counselled speedy action

Mr Moore of Rock Ridge, said he was opposed to haste. He would not be driven by the North or dragged by the cotton States, who acted without consulting Virginia He was opposed to coercion, but if seceded States chose to assault the forts let them take the consequences

Mr Carlisle contended that the Government had never attempted the coercion of the South, and that when it did the people would resist

MONTGOMERY, 16th

A number of model flags were presented to Congress to day and referred

A communication about war missiles was referred

A bill was reported from the Committee relative to citizenship, prescribing uniform rules for naturalization

President Davis arrived last night and was handsomely received His trip from Mississippi was a continued ovation He made twenty five speeches on the route He was met 80 miles from Montgomery by the Committee of Congress and two military companies On his arrival last night a salute was fired Mr Davis returned thanks for his reception in an address—He said

He felt proud to receive the congratulations and hospitalities of the Alabama He briefly reviewed the position of the South and said the time for compromise had passed We were now determined to maintain our position and make all who oppose us smell Southern powder and feel Southern steel

If coercion is persisted in he had no doubt of the result We will maintain our right to self government at all hazards. We ask nothing and want nothing we will have no complications. If other States join our Confederation, they can freely come in on our terms. Our separation from the old Union was complete, no compromise, no reconstruction can now be entertained Subsequently Mr Davis spoke again in response to enthusiastic calls. He said in case of necessity he would again enter the ranks as a soldier

WASHINGTON, 17th.

The Special Agent, Mr Jones, is satisfied that the revenue cutter McClelland was surrendered to the State authorities through the complicity of the Collector and the captain

Those who were most hopeful of a beneficial result of a Peace Conference are beginning to despair, and have so advised their distant friends An effort is making to avoid Congressional action upon all the peace propositions now before it.

TORONTO, 16th

The final decision in the Anderson fugitive slave case was given to-day The Court sustained the decision of the Court of Queen's Bench, on the question of law, and was unanimous in discharging the prisoner on a technicality Anderson was therefore set at liberty Great joy was manifested, and especially among the colored population

ALBANY, 16th.

The docks are still submerged several feet, and the water is rising again. It is raining in torrents, and should the storm continue we shall have a greater freshet than ever

BUFFALO, 17th.

Mr Lincoln attended church this morning with Ex-President Fillmore, and subsequently dined with him

A special train with Mr Lincoln and party will leave to-morrow morning for Albany Five of the Governor's Staff, the Mayor of Rochester and the Chairman of the Rochester Committee will join the party here

FORT SMITH, Ark, 16th

A murderous affray occurred here on Thursday night. Five of the Overland Mail and Little Rock coachdrivers entered a grocery kept by a German named Hagge, and commenced quarreling Pistols were fired on both sides, and the barkeeper, named Bucher, and Hagge were killed. Three of the drivers, named Bennett, Ellis and Varner, were arrested During the trial to-day a mob entered the Court House and demanded the prisoners for the purpose of lynching them Varner broke from custody and attempted to escape, but was killed by the crowd who also secured the others and made for a place of execution, but the authorities interfered and secured the prisoners before the mob could carry out their design. The excitement is intense

DETROIT, 16th

The House yesterday by a strict party vote passed a resolution against any amendments to the Constitution recognizing slavery or its extension into territory now free A resolution empowering the Michigan Senators to represent her in the Peace Conference was lost—40 to 34

TALLAHASSEE, Fla, 16th

The Legislature adjourned last night The election of Senators to the Southern Congress was not brought up The bill authorizing the issue of treasury notes to the amount of half a million passed A stay law was also passed

Letters received by the Post office Department from postmasters in South Carolina and other seceded States, give woeful accounts of the condition of things in their respective sections, arising out of the secession movement They all avow their allegiance to the Government, and state that they look anxiously forward to the day when the work of reconstruction shall be accomplished

The Richmond Enquirer to-day advises Virginia to be put on a war footing, and calls on all the men in the State to form themselves into regiments for immediate defence, it interprets Lincoln's speeches to mean coercion

Lieut Gibson, here from Fort Pickens, expresses the opinion that that fort will be attacked on the 4th of March Inasmuch as there is a fleet at Pensacola the President could very easily reinforce it, but does not, for reasons known to himself

Messrs. Pryor, Edwards and Maynard compose the special committee of the House to inquire into the truth of the allegation that certain Southern members from the seceding States have abstracted books from the library of Congress to form a library for the Southern Confederation

The appropriation bills have been reported with the usual items under the existing laws, without reference to the secession movements

Fort Sumter

Plans have been organised here to reinforce Fort Sumter whenever it may be deemed necessary, but, under the present phase of Southern affairs, this contingency will probably not arise soon It is known positively that Jefferson Davis has recently stated that Forts Pickens and Sumter were not worth the loss of life that must be incurred under the most favorable circumstances, even if the attacks succeed Now that South Carolina has her point of honor relieved by the action of the Montgomery Convention, no demonstration is expected, and Major Anderson feels no apprehension whatever He is fully prepared, and is now abundantly supplied with provisions

Fort Tortugas,

Reinforcements started to-day for Tortugas, and others have been ordered from Texas to that and the neighboring forts. In a short time all the points commanding the Gulf of Mexico will be strongly garrisoned and beyond the reach of any force the Revolutionists can collect.

Correspondence of N Y Commercial Advertiser

Letters received to-day from the South, give assurances of a vacation in the secession excitement, and states that hopes of an amicable adjustment of the difficulties are strengthened.

The exertions of the officers of the Provisional Government are to be given in favor of a settlement.

Despatch to the Boston Journal.

WASHINGTON, 15th

The Committee of the Peace Congress sat until a late hour last night and adopted propositions virtually the same as those of Mr. Guthrie.

Some Republicans refused to assent to them, and will make a vigorous effort to defeat them in the full Congress. [illegible] that all the territory of the [illegible] that line involuntary servitude, except as a punishment of crime, is prohibited, whilst it shall belong to the United States or be under a Territorial Government, and in all territory south of said line, involuntary servitude is recognized as it exists in the Southern States of the Union, whilst such territory shall belong to the United States or be under the Territorial Government, and neither Congress nor the Territorial Government shall have power to hinder or prevent emigrants to said Territory from taking with them persons held to labor or involuntary servitude, according to the laws and usages of the States from which such persons may be taken, nor to impair the right arising out of such relation, and be subject to judicial cognizance

It also provides that States formed from the Territory either north or south of the proposed line shall be admitted into the Union on an equal footing with the original States, with or without involuntary servitude or labor, as their Constitutions may provide

Also, that Congress shall not have the power to abolish slavery in any State, or in the District of Columbia without the consent of Maryland and Virginia.

The African slave trade is forever prohibited and the paragraph of the fourth article of the Constitution is not to be construed to prevent any of the States from the enforcement of the Fugitive Slave Law

The Border State Commissioners declare that if they are outvoted by the delegations brought here from distant Northern States since the Convention met, they will secede from the Peace Congress, and publish an appeal to the conservative Senators and Representatives, urging the adoption of the proposition agreed on last night by the Committee

The Republican Commissioners will adhere to the Chicago platform, and are equally zealous in declaring that they never will submit to the virtual engraftment of the Breckinridge platform into the Constitution

Republicans from Ohio, Rhode Island Pennsylvania and other States, are divided in sentiment. Massachusetts men are firm

The Treasury Relief Bill.

The bill which Mr Sherman reported to-day, to relieve the pressing necessity of the treasury as shown by the letter of Secretary Dix, dated to-day, provides for the issuing of notes of the denomination of $50 each, at six per cent, for a term not exceeding twenty years This obviates all difficulties arising from the refusal of bankers to take the new loan, and may serve to remind speculators in such transactions that there is a financial power outside of Wall street, to which a treason beleaguered government may successfully appeal

A Union Triumph

The election of John Janney of Loudon county as President of the Virginia Convention, is a great triumph for the Union He is an old line Whig, very conservative and will have great influence in dampening the secession movement

It is known that a few straight out secessionists voted for him, in order to get rid of his influence on the floor, as he is a very brilliant speaker

The Troops

The military force now stationed here consists of a company of dragoons, three light batteries of artillery, four companies of artillery and one of engineers acting as infantry. Total number about one thousand and twenty-five men Near ly as many more are expected in a few days

Passed to be engrossed—Incorporating the Maine Board of Trustees for Temperance, to unite the towns of Skowhegan and Bloomfield.

DESPOTISM OF SECESSION The Washington Star has seen a private letter from a late Georgian member of Congress, a rabid secessionist, in which the writer raved like a maniac over the impending reaction in the popular mind of the Gulf States. No bedlamite was ever more furious, incoherent and venomous in his expressions of hatred and rage. He boldly intimated that the people were to be kept in subjection in those States by a resort to the most despotic means, and that it is the purpose of those who have usurped the government of those States and deprived their people of American liberties, to make war on their former brethren, as the best means of preventing the masses from stopping to reflect.

"Will you remain in the Union without guarantees?" said a secessionist the other day to Joshua F. Bell of Kentucky. "Will you go out of the Union without guarantees?" was the quick reply

ARREST OF A SUPPOSED INCENDIARY Albert S Foster, a young man about 24 years of age, a recent graduate from the State Prison, was arrested on Thursday, on suspicion of having set fire to the dwelling house of Richard Cummings on Cumberland and Larch streets, on Sunday evening, December 2, at which fire Mr Neil Ward was burned to death The prisoner had an examination yesterday The evidence against him was certain confessions he had made, that he set fire to the house for the purpose of obtaining some money that was in a trunk It was in proof, at the examination, that Mr McDonough had a trunk in the house which contained $80, and that he had not seen trunk or money since the fire The prisoner attempts to prove an alibi—*Argus*

NEGRO WIT A friend of ours who relishes a good joke, and who is ever on the alert to gather and treasure up the witticisms of the day, relates the following—

At his boarding house, on Saturday, (the day on which the ordinance of secession was passed,) some of the delegates to the convention, who were impatient to be out in the crowd who were making the welkin ring with shouts of joy for the independent State of Georgia, or perhaps to go to the theatre, when an opportunity offered reproached the cook for not having supper earlier

He replied, 'Well, gem men, I hear you say dis morning, you would be out n the Nited States 'fore tree clock to day and I thought 'twould be late fore you got back to supper They excused him—*Federal Union, (Ga)*

Warren's COUGH BALSAM Has been found, by experience to be the Best Remedy for the various Diseases of the Lungs and Throat, such as *Asthma Bronchitis Consumption Croup, Influenza Pleurisy Pneumonia or Inflammation the Lungs and Whooping Cough*

IN those Complaints this Medicine *has no superior* and while thus efficacious, it is perfectly safe to administer to persons of all ages.

At all times of the year this Balsam is found useful, especially in the Autumn Winter and Spring and many Colds and Coughs, which, if neglected, might finally prove fatal may be CURED at once by a few doses of this invaluable remedy

This Cough Balsam possesses the two fold advantage of being at once *valuable as a curative and invaluable as a preventive* of all the diseases of the Throat, Lungs and Bronchia.

In ASTHMA however violent and distressing, this Balsam gives prompt relief

In BRONCHITIS and PNEUMONIA it relieves the irritation loosens the Cough and promotes a favorable expectoration

In CROUP its powers are almost magical This insidious disease, coming literally like a thief in the night, may be speedily and effectually arrested by a few timely doses of this Balsam

In WHOOPING COUGH it moderates the paroxysms, prevents the disease from assuming its severest and dangerous form and shortens its course

Every family should keep it in the house, and thus avoid the dangerous delay occasioned by sending out for the medicine when needed for immediate use

The *best recommendation* for a good medicine is found in its use If the following certificate, from one who has used it, does not give you confidence in it, try one bottle for yourself, and you will be convinced. It will cost you but *twenty-five cents* and may save you many dollars in time and doctor's bills.

DIXMONT, Oct. 29, 1859

AYER'S Sarsaparilla
FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.
J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully,
Yours,
ALFRED B. TALLEY.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects — some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

The Regenerator is put up in two sizes, and retails for 50 cents for pint bottles, and $1 for quart bottles. The quart bottles are much the cheapest.

Who wants a Good Head of Hair? Use Mrs. Wilson's Hair Regenerator and Hair Dressing.

Please read a few certificates from the following reliable and well known people.

MESSRS. HENRY P. WILSON & Co.: My wife is now using your Regenerator for the hair, and pronounces it far superior to anything she ever used for the hair. It is easily applied, does not soil in the least—has no disagreeable odor, increases the growth of hair, prevents it falling off, and often cures the headache. I forward you this certificate unsolicited, because I think an article that will do what your Hair Regenerator will, should be widely known. I think it is the best article for the hair now in use. *Respectfully, &c.*

REV. E. M. KELLOGG, Nashua, N. H.

"*I most cheerfully recommend it to all persons.*"
REV. C. RUSSELL, Littleton, N. H.

November 1.
MESSRS. HENRY P. WILSON & Co.: I have no hesitancy in saying from my opinion, that Mrs. Wilson's Hair Regenerator and Hair Dressing are the best hair preparations now in use. I shall continue to use them with pleasure.
REV. R. H. HARTWELL, Lawrence, Mass.

Ayer's Cathartic Pills.

HORSE BRUSHES and Brushes of every description, for sale by B. F. BRADBURY.

Ayer's Sarsaparilla.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over ten years, and CAN SAY IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

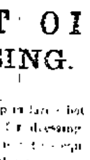

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels, and Wind Colic,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething, or any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices, or the prejudices of others*, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the facsimile of CURTIS & PERKINS, New York, is on the outside wrapper.
☞ Sold by Druggists throughout the world.

Science Confounded
AND THE
WORLD ASTOUNDED!
BY THE
Great Cures
Made by Dr. L. NORCROSS'
CELEBRATED REMEDIES!

Thousands who have been laid low by disease will attest to their healing powers. By the use of them they have been restored to health and vigor, and their gratitude is unbounded. O, could the world be wise—throw aside the poisonous and deleterious medicines they now use, which serve to reduce their physical strength, and bring on weakness and debility, and numerous other troubles—and take the long sought for medicines, which operate upon the whole system like a charm and which are emphatically, as every one who ever used them will testify—
A sovereign balm for every wound,
A cordial for our fears.
O, for once be wise—don't longer delay. Delays are dangerous, and while you are taking the poisonous drugs, the disease may have so far progressed as to make it too late for hope. Now is the time to buy and try my medicines, and again to enjoy the blessings of health. Try them—and you will never have cause to repent of it.

Dr. A. L. Norcross' Medicines.

Sugar Coated Vegetable Bilious Pills.

In bringing this Medicine before the public, I have no desire to extol its medical properties above what it honestly deserves. I have used them in my practice for the last twenty years, and have ever found them to be a sure remedy in eradicating disease from the system. Thousands who have used them can willingly attest to their healing qualities. Therefore I have no hesitation in warranting them to be the best Cathartic now before the public.—These Pills have more than a simple claim on the people for the following reasons: They are purely vegetable. They cause no pain or griping, although they are certain in their operations, and are perfectly harmless for male or female in any condition, for they do not weaken, but strengthen the whole system, by exciting every organ to a healthy action. They are, also, a sure remedy for all diseases that arise from impurities of the blood—such as Inflammation of the Liver, Kidneys, Bowels, Spleen, Bladder; Rheumatism, Bowel Complaints, Jaundice, Headache, Loss of Appetite, Languor, Debility; and last of all, warranted a sure cure for Dyspepsia, in all its forms, if they are taken judiciously. Numerous certificates might be had testifying to their good properties, but I feel willing to let them stand on their own merits. *Single box 25 cts—5 boxes $1.*

JAUNDICE ELIXIR.

To purify, cleanse, and strengthen the Blood, and cause a healthy action of the Liver. Good in all cases of Debility. Warranted a sure cure for Jaundice. *Price 50 cents.*

GERMAN PILE SALVE.

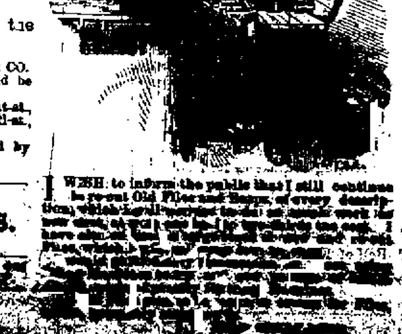

This Salve is a safe and sure cure for this most distressing and in many cases dangerous disorder, which has baffled the skill of the most eminent physicians of this country. It is prepared wholly of vegetable and animal substances, and can be used with perfect safety in all cases. Those afflicted with this most troublesome of disorders will here find that relief which has heretofore denied them from other sources. One box will generally cure the most confirmed case. Numerous certificates might be had from those who have sought and obtained relief, proving its value and efficacy.
Price 50 cents per box.

CROTON LINIMENT.

For Chronic and Rheumatic Complaints.—This Liniment is a sure remedy for Headache, Sprains, Bruises, Burns, Scalds, Spinal Affections, Palsy, Chilblains, &c. Let the rheumatic, halt, lame and palsied invalid examine its qualities, and they will not be disappointed. Years of study and investigation have enabled the proprietor of the Croton Liniment to furnish a remedy extraordinary in its power over disease, no matter of how long standing. *Price 50 cents.*

Prepared only by the subscriber, at his Laboratory, at Brown's Corner, Vassalboro', Maine, to whom all orders must be directed. ☞ None genuine but those purchased of me or my agents.

FILE CUTTING!

I WISH to inform the public that I still continue to re-cut Old Files and Rasps, of every description [illegible]

PROF. WOOD'S
RESTORATIVE CORDIAL
AND
BLOOD RENOVATOR,

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers.—It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those combined having powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science and also by all who have suffered by debility; for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the unguarded system open to the attacks of many of the most dangerous diseases to which poor humanity is constantly liable. Such, for example, as the following: Consumption, bronchitis, indigestion, dyspepsia, loss of appetite, faintness, nervous irritability, neuralgia, palpitation of the heart, melancholy, hypochondria, night sweats, languor, giddiness, and all that class of cases so fearfully fatal if unattended to in time, called *female weaknesses and irregularities*. Also, liver derangements or torpidity, and liver complaints, diseases of the kidneys, scalding or incontinence of the urine, or any general derangement of the urinary organs, pain in the back, side and between the shoulders, predisposition to slight colds, hacking and continued cough, emaciation, difficulty of breathing, and indeed we might enumerate many more still, but we have space only to say it will not only cure the debility following chills and fever, but prevent all attacks arising from Miasmatic influences, and cure the diseases at once, if already attacked. And as it acts directly and persistently upon the biliary system, arousing the liver to action, promoting in fact all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle with them, and all should take a table spoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits—students, ministers, literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty; for beauty cannot exist without health, and health cannot exist while the above irregularities continue. Then again the cordial is a perfect mother's relief. Taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety. *There is no mistake about it, this cordial is all we claim for it. Mothers, try it!* And to you we appeal to detect the illness or decline, not only of your daughters, before it be too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal; for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists.

You Look in Vain

For a Grey Hair on the Head of a person who uses
HEIMSTREET'S INIMITABLE
HAIR RESTORATIVE,

You will find however on the heads of those who use it

LUXURIANT GLOSSY HAIR
OF ORIGINAL COLOR,
AND A CLEAN SCALP,
NO MATTER AT WHAT AGE OF LIFE IT IS USED.

THE FOLLOWING TESTIMONY IS CONVINCING.

MACON, Ga., March 21, 1860.
Messrs. *Stewart & Butler*, Savannah, Ga.
Gents—I received the package of Heimstreet's Inimitable Hair Restorative, and after using one bottle, can safely say it is the best article of the kind I know of—it will do all it claims to do, in restoring the hair to its *original* color. Respectfully,
JONAS F. BEESLEY.

Office Home Mutual Fire and Marine Insurance Co.,
St. Louis, October 29, 1859.
We have used Heimstreet's Hair Preparation, (Inimitable Restorative,) and find it to answer the purposes for which it is designed, better than any thing we have ever used before, and can recommend it in the highest terms.
B. B. HENRY,
C. L. CHESTER,
G. V. CROSS.

SAVANNAH, Ga., May 19, 1860.
Messrs W. E. HAGAN & Co., Troy, N. Y.
Gents—Our firm having sold large quantities of your INIMITABLE HAIR RESTORATIVE, and hearing it so universally commended by many of our patrons in the highest manner as to its "INIMITABLE" qualities, I was induced to give it a trial, having for some years been troubled with falling of the hair, dryness of the scalp, as well as the additional annoyance of many grey hairs.—the scalp being apparently diseased. After faithfully using one small bottle of the Restorative, and finding its good qualities apparent, I commenced the use of the second, and my hair is now in better condition than ever before during my recollection. It has stopped falling out, and the scalp has resumed its functions.—I most cheerfully recommend your article as having all the virtues you claim for it. In addition to my own case, *I can point out at least fifty persons in our city who have had the same experience in its use as myself.* You are at liberty to use this letter as you may see proper, and I will be happy to recommend your article personally on any and all occasions.
Yours respectfully, JAMES STEWART,
Of the firm of Stewart & Butler.

"Rejoice! ye with grey hairs and bald heads, for the *Inimitable* will restore the former to its original beauty, and cover the latter with a luxuriant growth."—*Troy Budget.*

"If you wish to have the *real* color, instead of the dull rough look which hair dye imparts, use *Heimstreet's Restorative*, which invigorates the *roots* of the hair and makes it young again, no matter how much it may be faded."—*Boston Traveller.*

THE
ONLY PREPARATION
THAT HAS
Stood the Test of Years,
And grows more and more popular every day!

AND testimonials, new, and almost without number, might be given from ladies and gentlemen, in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

BATTLE CREEK, Mich., Dec. 21, 1858.
Prof. Wood:—Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative, about the first of August last. I have faithfully followed the directions, and the bald spot is now covered with hair thick and black, though short. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."
Thy friend, SUSANNAH KIRBY.

LIGONIER, Noble Co., Indiana, Feb. 5, 1859.
Prof. O. J. Wood—Dear Sir: In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair from a cause unknown to me, commenced falling off very rapidly, so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.
I at once made application to the most skillful physicians in the country, but receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result have a rich coat of very soft black hair, which no money can buy.
As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.
Very respectfully yours, A. M. LATTA,
Attorney and Counsellor at Law.
The Restorative is put up in bottles of three sizes, viz: large, medium, and small. The small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle, the large holds a quart 40 per cent more in proportion, and retails for three dollars per bottle.

DR. SWEET'S
Infallible Liniment,
—THE—
Great External Remedy

For Rheumatism, Gout, Neuralgia, Lumbago, Stiff Neck and Joints, Sprains, Bruises, Cuts and Wounds, Headache, and all Rheumatic and Nervous Disorders.

FOR all of which it is a speedy and certain remedy, and never fails. This Liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.
AS AN ALLEVIATOR OF PAIN, it is unrivaled by any preparation before the public, of which the most skeptical may be convinced by a single trial.
This Liniment will cure rapidly and radically, RHEUMATIC DISORDERS of every kind, and in thousands of cases where it has been used it has never been known to fail.
FOR NEURALGIA, it will afford immediate relief in every case, however distressing.
It will relieve the worst cases of HEADACHE in three minutes, and is warranted to do it.
TOOTHACHE also will it cure instantly.
FOR NERVOUS DEBILITY AND GENERAL LASSITUDE, arising from imprudence or excess, this Liniment is a most happy and unfailing remedy. Acting directly upon the nervous tissues, it strengthens and revivifies the system, and restores it to elasticity and vigor.
FOR PILES.—As an external remedy, we claim that it is the best known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a radical cure.
QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure.
SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.
BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS AND SCALDS, yield readily to the wonderful healing properties of DR. SWEET'S INFALLIBLE LINIMENT, when used according to directions. Also CHILBLAINS, FROSTED FEET, AND INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.
Over four hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life.

CAUTION.

To avoid imposition, observe the Signature and likeness of Dr. Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle, without which none are genuine.
